

Maria Costa

Test Automation Engineer · ISTQB Certified Tester

Karl-Liebknecht-Straße 54, 04275 Leipzig · +49 30 23125 071 · maria.costa@example.com

SUMMARY

QA engineer with more than ten years in software testing, from manual test design to building automation frameworks. I care about fast, reliable feedback for developers and about tests that business people can read.

PROFESSIONAL EXPERIENCE

- | | |
|-------------------|---|
| 06/2022 – present | Test Automation Engineer , Saxonia Insurtech GmbH, Leipzig <ul style="list-style-type: none">• Built a Playwright + TypeScript framework for the customer portal; 600 end-to-end tests in under 12 minutes• API tests with REST Assured and contract tests with Pact• Load tests with k6 before each major release• Coaching developers on test pyramid and flaky-test analysis |
