## Profile

---

Recent IT security graduate looking for my first full-time role in a security operations centre or in penetration testing. Two years of hands-on experience as a working student in a SOC, plus a penetration testing internship.

## Education

---

**B.Sc. IT Security** 10/2022 – 09/2026

Hochschule Darmstadt – University of Applied Sciences · Grade 1.8

Thesis: "Detecting lateral movement in Windows event logs with Sigma rules"

**Abitur** 2022

Lichtenberg-Gymnasium Darmstadt

## Experience

---

**Working Student SOC Analyst** 10/2024 – 09/2026

Odenwald Secure GmbH, Darmstadt

- First-level triage of SIEM alerts in Microsoft Sentinel for twelve customers
- Wrote KQL queries and Sigma rules; tuned noisy detections
- Documented incidents and playbooks in Confluence

**Intern Penetration Testing** 03/2024 – 08/2024

Bergstraße Consulting GmbH, Bensheim

- Supported web application penetration tests following the OWASP Testing Guide
- Used Burp Suite, Nmap and Metasploit; drafted findings for client reports

## Projects & Activities

---

- Member of the university CTF team "h\_da hackers"; 3rd place at a regional CTF 2025
- Home lab with Proxmox, pfSense, Wazuh and an Active Directory test domain
- TryHackMe: top 2 % ranking

## Certificates

---

CompTIA Security+ (2025) · eJPT – eLearnSecurity Junior Penetration Tester (2024)

## Skills

---

Microsoft Sentinel, KQL, Sigma, Splunk (basic), Wazuh, Burp Suite, Nmap, Metasploit, Wireshark, Python, Bash, PowerShell, Linux, Active Directory, OWASP Top 10, MITRE ATT&CK

## Languages
