

# Marc Vilaró Puig

## Product Designer

Eppendorfer Weg 203, 20253 Hamburg · +49 160 94 72 38 15 ·
marc.vilaro@proton.me · marcvilaro.design
Born 3 November 1999, Barcelona · Spanish citizen

> I turn messy research into interfaces people stop noticing. Almost four years in product teams, the last two in Hamburg, mostly on health and booking products where a confusing screen has real consequences. I run my own research, prototype in Figma, and sit with developers until the thing actually ships.

## EXPERIENCE

### Product Designer

Elbe Health GmbH, Hamburg (digital therapy app for chronic pain, DiGA-listed) · Jul 2025 – present

- Own the patient app end to end with one product manager and four developers: discovery, flows, UI, handoff, follow-up metrics
- Redesigned the daily exercise flow after 14 user interviews with patients aged 45–75; completion rate up from 61 % to 78 % within two releases
- Unmoderated usability testing in Maze before every major release, moderated sessions in the clinic once a quarter
- Accessibility to WCAG 2.2 AA (large type, reduced motion, screen reader labels) as a requirement for the BfArM audit
- Maintain the design system in Figma with variables and component variants; design tokens exported for the developers

### UX/UI Designer

Fjordwerk Digital GmbH, Hamburg (agency, 35 people) · Feb 2024 – Jun 2025

- Booking flows and customer portals for a ferry operator, a dental chain and a city library
- Set up Hotjar recordings and funnel analysis for the ferry checkout; found the drop-off at the seat selection and redesigned it (–23 % abandonment)
- Workshops with clients (journey mapping, prioritisation), clickable prototypes for stakeholder reviews

### Junior UX Designer

Tramuntana Studio S.L., Barcelona · Jan 2023 – Jan 2024

- Wireframes and UI for e-commerce and restaurant apps; user interviews and usability tests in Spanish and Catalan
- Built the studio's first Figma component library

## EDUCATION

### B.A. Design

ELISAVA, Barcelona School of Design and Engineering · Sep 2017 – Jun 2021 · final project on wayfinding in hospitals

### UX/UI Design Bootcamp

Ironhack Barcelona · Sep 2022 – Dec 2022 (full-time, 9 weeks plus project phase)

## SKILLS

- **Tools:** Figma, FigJam, Maze, Hotjar, Notion, Miro, Jira
- **Research:** user interviews, usability testing (moderated and unmoderated),

## LANGUAGES

- Catalan – native
- Spanish – native
- English – C1

surveys, journey mapping
- **Design:** prototyping, design systems, design tokens, accessibility (WCAG 2.2 AA), mobile first
- **Working with dev:** handoff with dev mode, reading React components, writing acceptance criteria

Hamburg, 9 October 2026

- German – B2 (Goethe-Zertifikat 2025), daily in the team

## OTHER

- Mentor at ADPList since 2025
- Cycling, analogue photography, Hamburg flea markets
