Profile

IT support specialist with almost four years in a Frankfurt logistics company, first and second level, around 450 users on three sites. I like the moment a warehouse colleague says "oh, that was easy" after a call. Moved to Germany in 2022, German B2 (telc, 2024). Looking for a second-level or junior system administration role in the Rhine-Main area.

Work experience

IT Support Specialist (1st and 2nd level) Feb 2023 – present
Hessenpost Fulfillment GmbH, Frankfurt am Main (e-commerce logistics, ~450 employees, two warehouses in Dietzenbach and Raunheim)

- Ticket handling in Freshservice, about 35 tickets per week, English and German; knowledge-base articles for the most common issues
- On- and offboarding in Microsoft 365 and Entra ID: accounts, licences, groups, shared mailboxes; MFA rollout for all users in 2024
- Device management with Intune: Autopilot enrolment of around 250 laptops, compliance policies, app deployment; warehouse handhelds (Zebra, Android) in Intune since 2025
- Remote support with AnyDesk, on-site support in the warehouses once a week
- PowerShell scripts for bulk user creation and licence reports, saves the team about two hours per onboarding wave
- Printers (Brother label printers, Kyocera MFPs), Cisco Meraki access points, patch cabling in the new Raunheim warehouse

IT Helpdesk Intern Jul 2021 – Dec 2021
Viet Soft Solutions JSC, Hanoi (software outsourcing, ~600 employees)

- First-level support for the Hanoi office: Windows 10 installations, password resets in Active Directory, hardware swaps
- Asset inventory in Excel, preparation of laptops for new hires

Education
