Giulia Ferrante

IT Project Manager · PRINCE2 Practitioner · PSPO I

Bebelstraße 41, 70193 Stuttgart
+49 152 09 31 47 62 · g.ferrante@mailbox.org
born 12 March 1990, Bergamo (IT) · Italian citizen

Twelve years in IT projects, the last seven as the person who owns plan, budget and the awkward conversations. Four of those years freelance, which taught me to write a status report nobody has to decode. I run SAP and platform projects for manufacturers and would like a permanent programme role in the Stuttgart area, hybrid.

PROFESSIONAL EXPERIENCE

Technical Project Manager Sep 2023 – present

Obermaier Industriesoftware GmbH, Stuttgart – MES and shop-floor software, about 180 employees

- Programme lead for the MES rollout at a customer with three plants (Germany, Poland, Mexico): budget 2.4 MEUR, 14 people in Stuttgart and Wrocław, go-live of plant one in June 2025 on schedule
- Steering the move of the hosted product from on-premise VMs to Azure (AKS): plan, budget, vendor contract, risk log; the technical decisions stay with the platform team, I make sure they are taken in time
- Monthly steering committee with the customer's CIO, escalation handling, change requests and invoicing of time-and-material work
- Introduced a lightweight PRINCE2 tailoring (stage gates, exception reports) and quarterly roadmap reviews with the two product owners

Freelance IT Project Manager Jun 2019 – Aug 2023

Ferrante Project Services, Stuttgart – own business, registered as freelancer (Freiberuflerin); three consecutive engagements:

> *Client:* Zöllner Haustechnik GmbH, Mannheim — Mar 2022 – Aug 2023
>
> - Interim project manager for the SAP S/4HANA rollout (SD, MM, FI) with an implementation partner; 11 key users, go-live January 2023, hypercare and second wave until August 2023

> *Client:* Casa Verde Living GmbH, Karlsruhe — Jan 2021 – Feb 2022
>
> - Relaunch of the furniture web shop on Shopware 6 with an external agency: backlog in Jira, budget tracking, acceptance tests, go-live before the Black Friday week

> *Client:* Reitmeier Dental GmbH & Co. KG, Heilbronn — Jun 2019 – Dec 2020
>
> - Introduction of a CRM for 40 field sales staff: requirements workshops, vendor selection (three bids), training plan; partly remote from April 2020

IT Consultant Oct 2014 – Apr 2019

Nexa Sistemi S.r.l., Milan – SAP consultancy, from 2017 seconded to a client site in Stuttgart (automotive supplier)

- SAP SD/MM implementation projects for Italian manufacturers: process workshops, customizing, test coordination, cut-over planning
- First sub-project lead in 2018 (six people, sales order interface); stayed in Stuttgart after the project ended

EDUCATION

M.Sc. Management Engineering (Laurea Magistrale) 2012 – 2014

Politecnico di Milano, taught in English – thesis on ERP implementation risk in mid-sized manufacturers (110/110)

B.Sc. Management Engineering (Laurea) 2009 – 2012

Politecnico di Milano
