Katrin Oberländer

Benrather Schlossallee 54, 40597 Düsseldorf · +49 172 60 93 17 25 ·
katrin.oberlaender@posteo.de · born 2 June 1992, Düsseldorf

Data analyst with about seven years in e-commerce and insurance analytics. I translate business questions into clean SQL and readable dashboards, and I prefer a small, well-documented model over a big one nobody trusts. Returned to full-time analytics work in 2024.

EXPERIENCE

Apr 2024 – present
Senior Data Analyst
NRW Assekuranz AG, Düsseldorf (property and motor insurance, ~1,900 employees)

- Claims analytics for the motor line: monthly loss-ratio reporting in Tableau for the heads of underwriting and claims
- Built the fraud-indicator scoring for incoming claims with Python (pandas, statsmodels) on SQL Server extracts; 11 % more cases routed to the special investigations unit in 2025
- Wrote the team's SQL style guide and introduced Git for all analysis code and Tableau workbooks
- Mentoring of two junior analysts, weekly review of their queries and dashboards

Jun 2019 – Dec 2021
Data Analyst
Kaufrausch Online GmbH, Cologne (fashion e-commerce)

- Marketing and product analytics on BigQuery (Google Analytics 360 export, order and return data)
- Designed and evaluated A/B tests for the checkout and the returns portal; standardised the evaluation in a Python package used by three teams
- Cohort and retention analyses in Tableau; weekly trading deck for the management team
- Return-rate forecasting per category with R (tidyverse, prophet) for the planning department

Sep 2017 – May 2019
Junior Business Analyst
Mediapark Consulting GmbH, Cologne (consulting for media and retail clients)

- Market sizing and pricing analyses for client projects in Excel and R; SQL queries against client data warehouses
- Prepared steering-committee presentations and workshop material

EDUCATION

Oct 2014 – Mar 2017
M.Sc. Economics
University of Cologne; thesis on demand estimation with scanner data (grade 1.7); exchange semester at Maastricht University (2015/16)

Oct 2011 – Sep 2014
B.Sc. Economics

University of Cologne

2002 – 2011 *Abitur, Annette-von-Droste-Hülshoff-Gymnasium Düsseldorf*

SKILLS

- **Languages:** SQL (BigQuery, SQL Server, PostgreSQL), Python (pandas, statsmodels, matplotlib), R (tidyverse, prophet)
- **Visualisation:** Tableau (Desktop and Server, certified Desktop Specialist 2020), Excel
- **Methods:** A/B testing, cohort analysis, time-series forecasting, logistic regression
- **Tooling:** Git, Jupyter, dbt (reading models), Jira

LANGUAGES

- German – native
- English – fluent (C1), working language at Kaufrausch
- Dutch – basic, from the Maastricht semester

OTHER

- Speaker at Tableau User Group Rheinland, "Loss ratios without the noise" (2025)
- Rowing, Düsseldorfer Ruderverein 1880

Düsseldorf, 11 October 2026
